TRANSVERSAL CHALLENGES

- 20-T01 / Ethics: Clinical Ethics immersion programme **20h**
- 20-T02 / Management: Managing people in health care - From performance to burnout vs. well-being **16h**
- 20-T03 / Quality: A breakthrough approach to quality in healthcare **40h**
- 20-T04 / Global: Health Challenges for the XXI Century Seminar **8h**
- 20-T05 / Ageing: HIV and Ageing Seminar **8h**

BEHAVIORAL CHALLENGES

- 20-B01 / Management: Crisis Resource Management **16h**
- 20-B02 / Management: Managing chronic patients and family in the outpatient setting **16h**
- 20-B03 / Communication: Complex communication needs in health care settings **12h**

MEDICAL PRACTICES TECHNICAL CHALLENGES

- 20-M01 / Laparoscopy and Robotics: Minimally invasive surgery in general surgery **16h**
- 20-M02 / Neurovascular: Intensive Intervention course **32h**
- 20-M03 / Anaesthesia: An ultrasound-guided regional experience - The 4-step simulation approach **16h**
- 20-M04 / Paediatrics: Use of Ultrasound in Emergencies **20h**
- 20-M05 / Vascular: Advanced Endovascular Intervention Course **24h**
- 20-M06 / Heart: Arrhythmias Management Tridimensional Mapping Hands-On Course **20h**
- 20-M07 / Head: Endoscopic sinus and skull base surgery hands-on course **30h**
- 20-M08 / Lung: From nodules to cancer - Multidisciplinary Diagnostic and Therapeutic Approach **16h**
- 20-M09 / Knee: Arthroscopy **20h**
- 20-M10 / Shoulder: Advanced Course on Innovation Trends in Surgery **16h**
- 20-M13 / Neck: Salivary glands surgery hands-on course **25h**

EMERGING CHALLENGES

- 20-E01 / Environment: Environment and Health **40h**

PROFESSIONAL PRACTICES TECHNICAL CHALLENGES

- 20-P01 / Heart: Advanced course in percutaneous implantation of TAVI optimization **16h**
- 20-P02 / Simulation: Advanced simulation training and clinical translation **20h**
- 20-P03 / Communication: Language development and learning difficulties - Risk factors **12h**
- 20-P04 / Communication: Speech, voice and fluency risk factors in childhood **9h**
- 20-P05 / Communication: Craniofacial development versus Oral motor functioning **8h**
- 20-P06 / Heart: Imaging and Functional methods in anatomy **16h**
- 20-P08 / Obstructive Sleep Apnea: From endoscopic diagnosis to the multidisciplinary treatment in clinical practice **12h**

MULTI-PROFESSIONAL INTEGRATION CHALLENGES

- 20-I01 / Musculoskeletal: Diseases and rehabilitation - Challenges of Integrated Care **40h**
- 20-I02 / Home care: Smart Ambient Assisted Living Technologies **16h**
- 20-I03 / Medicines: Advanced therapies **16h**
- 20-I04 / Medicines and Medical Devices: Safety & Risk Management in the Real-World Clinical Practice **40h**
- 20-I05 / Stroke: An Integrated Approach **40h**
- 20-I06 / Neurodegenerative Diseases: Advanced course **40h**
- 20-I09 / Asthma: Management of severe asthmatic patients **16h**
- 20-I10 / Ageing: Comprehensive Health Care in Ageing **32h**
- 20-I11 / Pain: Pain medicine immersion **16h**
- 20-I12 / Diabetes: Integrated Care **40h**
- 20-I13 / Paediatrics: Emergencies - Simulate to avoid errors **128h**
- 20-I14 / Neurorehabilitation: Parkinson's disease **24h**
- 20-I15 / Neurorehabilitation: Amyotrophic Lateral Sclerosis **24h**
- 20-I16 / Neurorehabilitation: Motor skill learning & Neuroplasticity in Neurological Patients **12h**
